THE RIFLE.

On Saturday last the fourth match in the Territorial League matches took place here. The weather was a great improvement over that of the last match, and consequently the scores were a great deal better. A heavy wind prevailed, but otherwise it was a good day for rifle shooting. Bailey of the Police and McKay of the Saskatchewan topped the scores of their respective teams with good scores—91 and 89, while the other members of both teams done well. The following are the totals of both teams:—

DUCK LAKES.

The annual sports here on Monday were a great success in every respect, about 200 people being present. In the morning a lacrosse match was played between the N. W. M. of your town and the Rangers of Duck Lake which resulted in a tie game to one in favor of the visitors. The play of both clubs was very good. There followed a football match between the St. Catharines and Carlton clubs which was won after a hard struggle by the former club. The mile race between W. R. Fish's Mazepa and Paramah's Jimmy Smoker was easily won by the former. At writing your correspondent has not the names of the other winners. The weather was all that could be desired. About 100 from your town were present.

One of Dr. Stewart's well matched team died on Monday last of fever. A number of horses have died this summer in this vicinity of this disease.

Miss Buchanan and Mrs. McClennahan paid a visit to your town this week.

Prof. Jackson gave an entertainment on Monday evening which was fairly attended.

Mr. A. N. Peterson presented us with a fine mess of new potatoes this week. They were of a very fair size and very dry.

Mr. C. Blair returned home from a short visit east by yesterday evening's train.

Mr. James Gerrard, of the South Branch, paid a business visit to the town on Monday last.

Our old townsman Sergt. Keenan, came in from Regina Tuesday evening and is renewing old acquaintances. He will remain a short time.

A. N. Peterson, of Carlton, came into town to-day. He reports crops of all kinds as looking splendidly. New potatoes are plentiful in that locality.

We are pleased to hear it is the intention of the members of the band to keep up their practice and remain together as a band under the leadership of R. McKay. They will succeed if they attend practices and stick together. There is abundance of material in the town for a first-class band.

Dewdney has introduced a bill to amend the Northwest Territories Act which he said was substantially the same as last year. It provides for the election of member of the Legislative Assembly for three years; the abolition of the Advisory Council and legal experts; gives to the Assembly control of the liquor question; grants a lump sum of money to the Assembly; provides for the establishment of jails and penitentiaries; makes it illegal for any one to have liquor in his possession without a permit in his own name. Section 110, respecting dual language, is altered in accordance with the resolutions of last session. The Legislative Assembly is given the same power as the provinces with regard to licenses.

PRINCE ALBERT N. W. T.

WEDNESDAY, JULY 15, 1891.

DIVISION OF THE TERRITORIES

A portion of Assiniboia has become excited over the proposed division of the Territories, and loud complaints are now being heard from several points within that highly favored portion of the country. Alberta, on the other hand, looks forward with satisfaction to the realization of a long cherished hope, and will work hard for the division proposed. The best evidence that the scheme is in the general interest of the Territories was fully demonstrated by the unanimous approval which it received from the Northwest Senators and Members of Parliament, all—excepting Senator Perley—favoring it as a means whereby a more speedy development of the country would be assured, and greater satisfaction experienced in dealing with Local Government Questions. The people complaining must soon be made to realize that narrow provincial ideas will not be allowed to stand in the way of Territorial development, and that they must join hands with the more liberal thinking people of their own province and those from other parts of the Territory, in building up and securing for our country that place among other portions of the Dominion our resources entitle us to look forward to. The fact that our Government is now centred in Assiniboia, with all the advantages of expenditure such centralization assures, is not sufficient reason for the display of selfishness some of the people located there are just now displaying. They must educate themselves to take the broader and more elevated view of the future welfare of the Territories, rather than the present benefit a single district may be receiving. Saskatchewan boasts of an energetic population, a people who sought out the country long in advance of railways; they have no large C. P. R. immigration bureau to assist in increasing their numbers, no large land companies to boom their district, and in the race for settlers they are forced to carry their people through fertile belts and miles away from the main lines of transport. Even under these adverse conditions we have gone on increasing from year to year, mainly owing to a local energy which has not allowed these obstacles to prevent the outside world frequently hearing from us, and we now feel, like Alberta, that under the present system of Government sufficient energy on immigration questions will not be shown. Divide the Territories. The people demand it. Give each District control of its local affairs, and Saskatchewan will soon be heard from in a way satisfactory alike to the Dominion and those people who years ago planted their location posts within her borders.

ALL ABOARD FOR HUDSON'S BAY.

The Liberals of Manitoba and the Territories, as well as those resident in Northwestern Ontario, will no doubt relish the expressions made use of by prominent men of their party, during the discussion on the resolution respecting the Hudson Bay Railway. For years our own local agitators have been howling against the present Government for

not showing more energy in developing the Territories. The action of Liberals in the House will now show a cause should it ever again be charged that a lack of interest in our future has heretofore been a feature of the Conservative Party. Men of the McMullen and McMillan stamp can be excused for the narrow views they may take of any important question, but when leading men like Mr. Mills, prominent alike in both party and country undertake to block measures of such vital importance to every section west of Lake Superior, as the Government resolution in connection with the H. B. R. R. certainly were, reasonable grounds are shown why no Liberals (excepting Mr. Watson who is a strong supporter of the Conservatives on this question) within the bounds of that vast country can find a seat in the House. We mistake the Liberals of Saskatchewan if they agree with their party in trying to kill this important undertaking. Our future depends on the early completion of the work, and we feel satisfied that regardless of the difficulties which the Government are experiencing in the House, the scheme will carry, and an outlet by way of the north will soon be an accomplished fact. Even in the face of strong opposition the resolution was carried in committee, we will now anxiously look for the division list when the bill comes up for discussion.

The new N. W. T. Act places the people in a much more desirable position than they have occupied in the past. They will now have a say on the liquor and language questions, and their representatives will control a greater amount of public funds than hitherto. We hope to be in a position to go more carefully into its details next week.

During the past ten days grain crops have experienced a marvelous growth. For over a week nearly all the wheat has been in head, and the prospects of a bountiful harvest can be seen on every side. Our contemporary should now see the wisdom of publishing another Rye article. A successful harvest means a large influx of settlers which, judging from some of the matter which has already found its way into that paper, is not the object the genial editor has in view.

The Debenture By-law, which will soon be submitted to the ratepayers, is attracting more interest than one would expect seeing that it is simply a re-vote for the purpose of correcting an error which crept into the original copy. The question of the proportion of money to be used in sidewalks seems to be the cause. The public should judge slowly. Drainage is certainly necessary; the same can be said respecting the grading of streets, but sidewalks are also urgently required. The fate of the By-law should not be placed in doubt. The Council have, no doubt, given serious attention to the importance of the several improvements mentioned, and have decided that, for this year, sidewalks are the more important. The ratepayers should now assist them in their efforts towards developing the town. Our own opinion is that less sidewalks would have done, but a careful examination will show that those which some consider unnecessary, are costing very little money, and would certainly have to be built in the near future. The Council may have decided wisely in not making two bites of a cherry.

E. F. HUTCHINGS DESCRIBES
 The New Territory Opened up by the
 R. & L. S. Railway.

The following is from the Winnipeg
 Tribune:

Mr. E. F. Hutchings, who has just returned from a trip to the Prince Albert district, speaks very eloquently of the prospects of that country. He says there is going to be a wonderful settlement in there as the country cannot be beaten for mixed farming. Between the south and the north branches of the Saskatchewan and from Duck Lake to Batoche eastward, one could imagine he was in an old country park or in a populous part of Saskatchewan. It was the hardest thing in the world to realize that the country was almost unsettled, so full of life it seemed. Mr. Hutchings and his party drove out about fifteen miles from Prince Albert to a place called Red Deer Hill, an elevated point from which they could see about 35 or 40 miles around in every direction, and Mr. H. exclaimed—"I never saw a prettier sight." "Farm houses dotted here and there, with herds of cattle, horses and sheep among the trees; every quarter of a mile or so a little shining lake, covering five or six acres, with bluffs rising abruptly from the prairie, not in a bunch of small scrub, but branching out into good large trees. "I do not want a prettier picture to hang in my parlor than copies of that landscape."

Settlers, Mr. Hutchings says, are rapidly taking up land around Prince Albert, and it is bound to become quite a town. He saw 640 acres of wheat in just as good shape for a crop as he had ever seen, and the farmer, Mr. McKay was then breaking another four hundred acres, making one thousand acres in one block. This gentleman had a herd of cattle numbering about 500 head, about 100 horses and 100 sheep. He made farming pay. Another farmer from Waterloo county, Ontario, who arrived ten years ago, had about 400 acres in crop, and a beautiful band of cattle, all good beef. This gentleman's name was Glanster. He insisted on the whole party taking luncheon, which Mr. Hutchings said was put up in first class style. This man never experienced in total failure of crop, and he has been farming for ten years. There is no trouble to make roads; they are as level as a floor. Across the Saskatchewan, opposite Prince Albert, the country is all one thick, solid bush for miles and miles, beyond which is another open prairie country with heavy soil, all fit for settlement. The river is wider if anything than the Red River at Winnipeg, with a more rapid current, and the banks rise in some places to a considerable height, sometimes rising into hills. On the top of one of these hills is the police barracks, overlooking the whole town. There is also a fine courthouse and jail on the highest terrace, built of solid brick, which shows up beautifully from the Main street of the town. There is a beautiful island covered with wood just out of the town, about 250 acres in extent, which the Prince Albert people have purchased for

a park. The town itself is very prettily situated, with the terraces rising behind it, and on the highest terrace several pretty residential buildings.

Prince Albert is bound to become the centre of a very prosperous country. Already the Regina & Long Lake railway has come in, the Manitoba Northwestern is coming, and as soon as the Winnipeg & Hudson Bay road is completed a branch will be built into it. The country is fast settling up along the Hobbie Trail and through the Carrot River district. The Manitoba Northwestern, Mr. Hutchings thinks, ought to hurry up with their Prince Albert extension which passes through the very best part of the country. "I am thoroughly convinced," said Mr. Hutchings, "that there is going to be a big business done at Prince Albert, and I have invested there."

All the Federal stock is now in the hands of the Bell company, while the old Federal shareholders are possessors of a share of Bell stock for every share of Federal stock that they held. The Federal's board of directors have resigned and have been replaced by the Bell directors, so that the two companies are now under the same management.

London, July 9.—Dispatches from Buenos Ayres say that fresh revolutionary disturbances have occurred in various parts of the Argentine Republic.

LOCAL HAPPENINGS

In Our Midst.

Street grading is being gone on with in different parts of the town.

The Town Council will hold a meeting this evening.

Remember S. McLeod's sale of clothing, boots, shoes etc., is still going on. Bargains are being secured every day.

The town inspector is now going his rounds with the dog tags. There is fire in his eye.

We understand Dr. Reid intends opening an office down town as soon as a convenient location can be secured.

By advertisement and posters, the N. W. M. Police are asking for tenders for hay. The amount asked for at Prince Albert is 300 tons.

Sproat & McLeod have their new goods checked off and marked, and are now prepared to attend to the wants of their many customers.

The Ladies' Aid Society of St. Alban's church will hold a social at the Skating Rink on Thursday the 23rd inst. See posters next week.

Mr. Geo. Cassie has the foundation for the school addition completed, and is now building in the furnace rooms in the basement of both parts of the building.

Mrs. Soper, of Morristown, N. Y., is visiting with her daughter, Mrs. MacLise, and we hope will become a resident of our town.

Contractor Baker has Mr. Sproat's mansion on the hill ready for the plasterers. When completed it will be a handsome, commodious and comfortable residence.

Sunday last was the Twelfth of July. Some of our citizens went out to Carrot River to meet the brethren of that locality, while a few remained at home and celebrated on the 13th.

A large number of our citizens went to Duck Lake Monday morning, and returned by yesterday evening's train, to enjoy the sports held at that ambitious burg on the 13th.

Mr. J. Street, our late bandmaster, left on Monday's train for Lethbridge. We regret Mr. Street's departure, as our lately revived band was making good progress under his instruction.

The Messrs. LaCroix who have lately reopened the old blacksmith shop opposite the new masonic hall are doing a good business—especially in horseshoeing. They are prepared to do all other kinds of work as well.

We are pleased to hear that Mr. Fawcett has his brick kiln about ready for the fire, notwithstanding the many drawbacks he has experienced. Mr. Fawcett expects to start the fires sometime this week.

Since Mr. Betts arrived home he has been kept very busy getting the public works under his supervision in going order. We are pleased to know that now he has all necessary work going on in a most satisfactory manner.

Instead of being principally for the use of Masons, the fine large Hall recently erected by our energetic townsmen, Mr. Knox, was built under agreement and will, we understand, be used exclusively as a Masonic Lodge room.

On Saturday evening last Mr. James Mair and family, from Moosejaw, arrived in by train, and will take up their residence in the town. Mr. Mair is an old timer, and is now an employee on our local train. We are pleased to see him back.

Mr. R. G. Congdon has about completed the foundation of the new Presbyterian church. An excellent job has been made of this part of the work. We hope to see but a short delay in the brickwork on the body of the building, as the season is passing rapidly away.

Prof. Jackson, lately from Battleford, gave a banjo, song and dance entertainment in the Town Hall on Wednesday evening last. There was a large attendance of the boy element present, consequently a very noisy time. But then it was the first genuine colored minstrel show in the town. The professor is a first-class bone player, and a fair banjoist and clog dancer. During the evening Mr. M. O'Connor entertained the company with an exhibition of Indian club swinging. Mike was evidently out of form, but showed that with a little practice he could get them yet. On Friday evening the Police boys got up a show at the barracks, mainly for the purpose of helping the new coon out. There was a fair attendance from the town, and a very enjoyable evening was spent.

The Royal Templars of Temperance will hold a social and entertainment in the Town Hall on Friday evening next. Ven. Archdeacon Geo. McKay and Rev. Mr. Rochester will deliver short addresses. Refreshments will be distributed by the ladies of Ruperts Lodge during the evening. Admission, 25c.

As may be seen by posters and advertisement, Mr. A. H. Woodman is retiring from business and selling out the whole of his property, consisting of dwelling house, town lots, household furniture, saloon fixings, horses, buggies etc. The sale takes place on Thursday, 23rd inst.

Mr. Gunn, a student from Manitoba College, who is here for the purpose of supplying outlying stations in connection with the Presbyterian church, preached in St. Paul's church on Sabbath last. The young gentleman preached a most eloquent sermon, and was most attentively listened to by a large and appreciative congregation.

Mr. Steele of Steele & Wing, Winnipeg, photographed the Council of the Board of Trade in group on Thursday last, afterwards going over to the Central School, where the school children and parents and friends had been invited to have a picture taken. Unfortunately but few had seen the notice asking them to be present, and a poor attendance was the consequence. However, Mr. Steele cheerfully photographed those who were present. Since this gentleman arrived here, he has taken a large number of groups and views which will be of great value to the town and district in the near future.

A picnic under the auspices of the Methodist church, will be held at Maiden Lake on Friday, 24th inst. No more beautiful spot could be chosen, there being an abundance of shade, grass and water in that locality. Boating, swinging and other amusements will be provided. Addresses will be delivered by Rev. Mr. Woodworth, of Brandon, and Rev. Mr. Rochester of our own town. Luncheon can be had from 12 to 2 and from 5 to 7 p.m., at the moderate charge of 25 cents. We hope to see a goodly number of our citizens attend.

The annual Sunday school picnic of St. Alban's church took place on Friday last. The picnic took place near the residence of Mr. M. McRae, where tents had been pitched, swings erected and other preparations made for the enjoyment of the children. Foot races and other sports were entered into by the youngsters with great zest. The party returned to town about 9 p.m., all thoroughly satisfied with their afternoon's outing. Archdeacon McKay and the friends who kindly lent their aid are to be congratulated on the success of the picnic.

Waghorn's Guide published in Winnipeg is to hand embodying all changes in tables of travel, and general business to date. The new C. P. R. time card of main line and branches is given in full; new post offices and mail service; the sailings of C. P. R. Lake, Beatty Line and ocean steamboats; revised list of municipal boundaries; parish lots and settlements and the latest revision of Winnipeg new street names. With usual maps of Winnipeg, Manitoba and the Dominion, it is excellent value for its small price of 10c.

The issue of the Dominion Illustrated for July 4th, has a fine account of a fishing trip by Douglas Sladen, the poet, on the north shore of Lake Superior, in that wild, grand and picturesque region opened up by the C. P. R. Miss McLeod, whose Reverent Pilgrimage was so delightful a series of letters, contributes a charming article on Balmoral and the Highlands, illustrated by views of the Queen's favorite residence as seen from the river. "My first Twenty-four Hours in a California Mining Camp" recalls vividly the famous days of the forty niners. There are many fine engravings and much bright reading matter in this issue. The Dominion Illustrated is a delightful weekly visitor that should be found in every cultured home.

Down in Missouri they have introduced hugging societies to swell a church treasury, and a Missouri paper gives the following scale of prices: Girls under sixteen, fifteen cents for a hug of two minutes, or ten cents for a short squeeze; from 16 to 20, 50 cents; from 20 to 25, 75 cents; school marmas, 40 cents; another man's wife, \$1; widows, according to looks, from 10 cents to \$3; old maids, 2 cents apiece, or two for a nickel, and no any limit of time. Punchers are not charged. Editors pay for advertisements but are not allowed to participate until every body else has gotten through, and even then they are not allowed to squeeze anything but old maids and school marmas.

Did You Hear the Report

— OF THE —

DOWNFALL IN PRICES OF

Boots and Shoes, Ready-made Clothing, Gents' Furnishings, etc.?

If not, come along to S. McLEOD'S Store and see for yourselves.

Success crowns every effort! It has always been our aim to do the very best for our customers possible, and we have been rewarded by the people in return. They know good value when they see it.

Everyone knows we have the largest stock of Boots and Shoes and Men's, Boys' and Children's Ready Made Clothing in Prince Albert, and the Cheapest and Best by far. Our entire stock is now thrown on the market at prices that makes competitors feel like calling us nasty names, but it's our customers interests we study and not competitors. So the public will fully understand.

We have also made extraordinary cuts in

Flour and Feed!
